Decision And Certificate Of Correction Branch

Request For Reconsideration

Certificate
JUN 06 2003
of Correction

Mr. Henry D. Randall is thanked for extending the courtesy of a telephone interview on May 27, 2003 during which he recommended that this request for reconsideration be filed.

On March 5, 2003 applicant filed a Request For Certificate of Correction of Patent For Applicant's Mistake together with a check for \$100.00 for the required fee. On May 16, 2003 the request was denied in part stating that the requested correction to a reference publication number was not the result of a fault of the USPTO, and therefore there can be no correction under 35 USC 254. Applicant concedes that the error arose without fault of the USPTO. However, applicant is seeking correction under 35 USC 255.

This error arose without descriptive intention, is not new matter, and does not require re-examination. In particular because the correct reference number was cited in an EPO Search Report, which in turn was cited to the USPTO in a Supplemental IDS filed 11/18/99. It is therefore requested that this reconsideration be granted since all the requirements of 35 USC 255 have been met.
